Big 5 Personality Inventory (10-item scale, Mondak et al. 2010):

The following section contains pairs of words. On a scale of zero to ten, please tell us which word best describes you. For example, the number zero means “relaxed,” the number ten means “tense,” and the number five is exactly in the middle—neither relaxed nor tense. On this scale, what number best describes you? You can use any number from zero to ten.
